Here is an exciting opportunity to support the Museums of the Rangeley Lakes Historical Society by personalizing a wood inlaid plaque, to be installed in the floor of a Gallery in Outdoor Heritage Museum or personalizing a brick for inclusion in the walkway of our Rangeley Boat Monument.

- A distinctive birds eye or tiger maple inlaid plaque of approximately 6"x 8" will be inserted into the museum floor of one of our galleries to honor or memorialize your special family member, camp, family or friend FOREVER...for a donation of \$2,000.
- Bricks for the walkway to our outdoor monument/exhibit to the iconic Rangeley Boat. You can order a double brick that will be stacked to read as one presentation for \$450 or single (4"x 8") brick with two lines of text for \$250.

These attractive permanent bricks and plaques will be engraved with your name, a family member, camp name, cherished pet or any person or place.
